

Super Fast Metabolism Diet: Speed Up Your Metabolism and Lose Weight Quickly

By Steven Ballinger

Createspace Independent Publishing Platform, United States, 2014. Paperback. Book Condition: New. 214 x 149 mm.

Language: English . Brand New Book ***** Print on Demand *****. The desire to lose weight and stay fit is becoming more and more difficult to satisfy. The good news is that finding ways to manage your weight and keep it at the level you want is not impossible. It starts with finding ways to boost the rate at which your body burns the fuel you put into it - in other words, the rate of your metabolism. When it comes to whether you lose or gain weight, there is just one simple formula: if you eat more calories than you burn through activity, you will gain weight. If you burn more calories than you eat, then you will lose weight. Finding ways to speed up your metabolism will help you come out on the right side of this equation more often than not. This book contains a guide to the types of food you should eat and types of food you should avoid. There are recipes, exercises and other tips to help you take charge of your metabolism. You will find new strategies for managing...

Reviews

Very useful to all of category of people. I actually have read through and that i am sure that i will likely to go through once more again in the foreseeable future. I realized this book from my i and dad advised this publication to find out.
-- Alta Kirlin

This is the very best publication i have got read until now. It is definitely simplified but shocks within the fifty percent of the pdf. You may like how the article writer create this pdf.
