Death Happens Too A 2014-15-16 Multiyear-Weekly Planner This multiyear planner can be started at any time of the year. There's space to write in the day, the month and the year, so you can skip weeks if they're not needed and extend this multiyear planner into the following year. We're not like those other fixed year planners, our multiyear weekly planner is flexible and best of all, it doesn't expire at year's end. Every page has a list of days of the week and most pages have additional space for notes. It's Eco-Friendly too. There are no wasted pages with our multiyear planner and it's small enough too, to fit into your pocket or purse, making it easily accessible for taking notes, making dates and appointments while contemplating these weekly adages about impermanence and start being comfortable with and accepting death as part of one's life. The awareness of death, far from being brooding, can be an illuminating light in one's life. The acknowledgment of our mortality and limited time, in this life, can motivate us to take better care of our physical health, (to live longer) to reprioritize our personal goals and relationships thereby coming to the realization that we only have this moment and only this moment to live, love and be happy. . .
