Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Federal Finances: Or the Income of the United States The object of the following pages is to set forth in a plain and concise manner the United States system of taxation. This book is not a work on political economy, and no attempt will be made to discuss the merits of any tax system. The story of how our government levies and collects the money necessary to pay the annual expenses of so great a nation will be the scope and aim of this work. The reader will find in these pages what he could otherwise find only by long research, and by looking through a multitude of books, reports and magazines. The author has endeavored to explain, in a plain and practical way, the sources of federal income, and to set forth in a faithful manner the method of collecting the government taxes. In addition to this, some account has been given of the means used by unscrupulous people to avoid payment of government duties. The information given can be relied upon, and it is an elementary knowledge necessary to any one who hopes to have even a tolerable understanding of our national revenue system. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy.
