

## Upgrade Volume 1

---

By Emma Willett

CreateSpace Independent Publishing Platform. Paperback. Book Condition: New. This item is printed on demand. Paperback. 198 pages. Dimensions: 8.0in. x 5.0in. x 0.5in. In a future where technology can fix any flaw or imperfection, individuality is hard to come by. Every aspect of life has been optimised for maximum efficiency education, nutrition, even the human brain. TsCorp, a powerful science corporation, have started performing upgrades alterations of the brain to help people live up to their full potential. Disorders that were previously treated with medication and therapy are now curable with one procedure, but it doesn't stop there. People are now offered surgery to improve their language skills, understand maths better or even remove annoying personality traits. But, as one group are realising, just because you can alter something, it doesn't mean you should. Progress has a price and it's not always worth it. This item ships from La Vergne, TN. Paperback.

### Reviews

*An exceptional pdf and the typeface utilized was fascinating to read through. It can be written in straightforward words and phrases instead of confusing. I am just quickly could possibly get a delight of looking at a written ebook.*

-- Prof. Arlie Bogan

*It is in a single of the best book. This is for those who state there had not been a well worth reading through. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

-- Dr. Barney Robel Jr.
