The pair are going about their normal business when they are interrupted by loud noises and an object they have never before encountered. Next Charlie and Minnie encounter "a strange sort of being." "The gators could see from where they stood, this creature wasn't from their neighborhood." These strangers quickly become friends and help one another. Commonwealth, the mysterious visitor, is in need of assistance and he leaves a parting gift that will forever change Charlie and Minnie's lives and help them to better understand all living creatures. While simple in its tale, this book teaches children and adults about understanding differences and listening to others points of views no matter what stands in their way. This is a story about reaching out and helping mankind and others in need, becoming a team and working together for the good of all humanity. This heartwarming story will quickly become a favorite. The vivid artwork really makes this children's book a winner. Michael Thoenes created the colorful pictures. The intricate illustrations on each page keep the reader's imagination alive and full of eagerness to see what happens next.
