Nobel laureate Doris Lessing s classic novel of the pivotal summer in one woman s life is a brilliant excursion into the terrifying gulf between youth and old age. As the summer begins, Kate Brown--attractive, intelligent, forty-five, happily married, with a house in the London suburbs and three grown children--has no reason to expect that anything will change. But by summer s end the woman she was--living behind a protective camouflage of feminine charm and caring--no longer exists. The Summer Before the Dark takes us along on Kate s journey: from London to Turkey to Spain, from husband to lover to madness, on the road to a frightening new independence and a confrontation with herself that lets her finally and truly come of age.
