Brand New Book ***** Print on Demand *****.Excerpt from The Story of Washington This book is to be read by children not to them. Fifty years ago, the only tool used by the teacher in teaching reading was the school lesson-book. Since that time, the problem, both in means and purpose, has greatly broadened. The modern teacher has several ends in view and finds use for a variety of tools. In the first preliminary steps of teaching technique, the process is probably a more or less mechanical one, and the teacher still finds use for the reading-book.
