Reviews

Most of these publication is the greatest publication offered. It is actually rally intriguing through reading period of time. You can expect to like just how the article writer create this publication. (Eddie Schuppe)

CITIZENSHIP IN COLD WAR AMERICA: THE NATIONAL SECURITY STATE AND THE POSSIBILITIES OF DISSENT (HARDBACK)

[DOWNLOAD PDF](#)

University of Massachusetts Press, United States, 2014. Hardback. Book Condition: New. 234 x 163 mm. Language: English . Brand New Book. In the wake of 9/11, many Americans have deplored the dangers to liberty posed by a growing surveillance state. In this book, Andrea Friedman moves beyond the standard security/liberty dichotomy, weaving together often forgotten episodes of early Cold War history to reveal how the obsession with national security enabled dissent and fostered new imaginings of democracy. The stories told here capture a wide-ranging debate about the workings of the national security state and the meaning of American citizenship. Some of the participants in this debate - women like war bride Ellen Knauff and Pentagon employee Annie Lee Moss - were able to make their own experiences compelling examples of the threats posed by the national security regime. Others, such as Ruth Reynolds and Lolita Lebron, who advocated an end to American empire in Puerto Rico, or the psychiatrist Fredric Wertham, who sought to change the very definition of national security, were less successful. Together, however, they exposed the gap between democratic ideals and government policies. Friedman traverses immigration law and loyalty boards, popular culture and theoretical treatises, U.S. courtrooms and Puerto Rican jails, to demonstrate how Cold War repression made visible in new ways the unevenness and limitations of American citizenship. Highlighting the ways that race and gender shaped critiques and defences of the national security regime, she offers new insight into the contradictions of Cold War political culture.
